

SpecLite 3® FRP Color Selections

PEBBLE GRAIN FRP

Special-Lite's exclusive SpecLite 3® Fiberglass Reinforced Polyester (FRP) face sheets are available in nine Standard Architectural Colors. Colors of all SpecLite 3 pebble grain Fiberglass Reinforced Polyester (FRP) face sheets are through-molded colors. SpecLite 3 face sheets cannot be painted. Other non-SpecLite 3 pebble grain FRP face sheets are available painted to match any of our 20 established Kynar® colors, or any custom color. Class A FRP may be available as a through color or may be painted. Please consult Special-Lite for details.

Color selections are subject to change without notice.

These color charts are intended for general reference only.

Every effort has been made to accurately reproduce finish colors and textures. Due to the limitations of photography and lithography processes, slight variations may occur. Final decisions should be made from actual material samples, which can be ordered directly from our website by using our online order form at www.special-lite.com.
